Proposed Consent Decree, Clean Air Act Citizen Suit

AGENCY: Environmental Protection Agency.

ACTION: Notice of Proposed Consent Decree; Request for Public Comment.

SUMMARY: In accordance with section 113(g) of the Clean Air Act, as amended (“CAA” or the “Act”), notice is hereby given of a proposed consent decree to address a lawsuit filed by the Sierra Club in the United States District Court for the Northern District of California: Sierra Club v. McCarthy, Civil Action No. 3:14-cv-00964-JD (N.D. Cal.). On March 3, 2014, Plaintiff filed a complaint which alleged that Gina McCarthy, in her official capacity as Administrator of the United States Environmental Protection Agency (“EPA”), failed to perform a mandatory duty to find that certain states failed to submit state implementation plans (“SIPs”) for named areas to address certain prevention of significant deterioration (“PSD”) program requirements for fine particulate matter, or PM_{2.5}. The proposed consent decree would establish deadlines for EPA to take some of these actions.

SUPPLEMENTARY INFORMATION:

I. Additional information about the proposed consent decree.

The proposed consent decree would resolve a lawsuit filed by the Sierra Club seeking to compel the Administrator to take actions under CAA sections 110(k). Under the terms of the proposed consent decree, EPA would agree to sign a notice or notices by no later than August 15, 2014, finding that the States of Vermont, Wisconsin, and California (as to the North Coast Management District) failed to submit SIP revisions addressing the PM_{2.5} PSD increments and implementing regulations required by the final rule, “Prevention of Significant Deterioration (PSD) for Particulate Matter Less Than 2.5 Micrometers (PM_{2.5})--Increments, Significant Impact Levels (SILs) and Significant Monitoring Concentration (SMC),” 75 Fed. Reg. 64,864 (Oct. 20, 2010). The proposed consent decree also provides that if any of these States makes a complete submission addressing the requirements prior to August 15, 2014, then EPA’s obligation to take the required action is automatically terminated.

Under the terms of the proposed consent decree, EPA will deliver notice of each action to the Office of the Federal Register for review and publication within 15 days of signature. In

addition, the proposed consent decree outlines the procedure for the Plaintiff to request costs of litigation, including attorney fees.

For a period of thirty (30) days following the date of publication of this notice, the Agency will accept written comments relating to the proposed consent decree from persons who are not named as parties or intervenors to the litigation in question. EPA or the Department of Justice may withdraw or withhold consent to the proposed consent decree if the comments disclose facts or considerations that indicate that such consent is inappropriate, improper, inadequate, or inconsistent with the requirements of the Act. Unless EPA or the Department of Justice determines that consent to this consent decree should be withdrawn, the terms of the consent decree will be affirmed.

II. Additional information about commenting on the proposed consent decree.
